

ANTHONY CUSTABLE

PRINCIPAL PRODUCT DESIGNER

acustable@gmail.com

linkedin.com/in/acustable

www.acustable.com

Design engineer with 10+ years shipping production-ready software across defense, biotech, fintech, and DevOps. Built the command and control UI deployed across every tactical operations center in four US defense sectors under a \$61M JADC2 contract. Designed the platforms behind a \$400M cyber security acquisition and a DevOps product that surpassed \$100M ARR. Co-founded Flylance, scaling it from a solo freelance company to a 70+ engineer powerhouse.

EXPERIENCE

UNION

VIA FLYLANCE

FORWARD DEPLOYED DESIGNER

AUG 2025 - PRESENT · DALLAS, TX

- Designing mission-critical interfaces that power autonomous defense manufacturing
- Built Forge DS with 50+ production-ready components with live previews, multi-format export (React, HTMX, HTML), and token-driven theming

COLOSSAL BIOSCIENCES

VIA FLYLANCE

PRINCIPAL PRODUCT DESIGNER

MAY 2025 - JUL 2025 · REMOTE

- Contracted at \$10B de-extinction startup pioneering woolly mammoth revival via CRISPR
- Designed and restructured pages for colossal.com, building a globalized template system for each species

US DEPT. OF WAR / AIR FORCE

VIA FLYLANCE

PRINCIPAL PRODUCT DESIGNER

MAY 2021 - AUG 2024 · REMOTE

- Pioneered AI-driven UI for ABMS and CBC2 command and control
- CBC2 deployed across 4 defense sectors, \$61M contract supporting JADC2

FLYLANCE

CO-FOUNDER & BOARD MEMBER

JAN 2015 - PRESENT · DALLAS, TX

- Scaled nearshore consultancy to 70+ engineers across LATAM
- Built flylance.com V3 in Next.js with Payload CMS, PostgreSQL, and an AI-powered resume builder
- Secured seed capital, formed advisory board, spoke at MGS 2023

CLOUDBEES

LEAD PRODUCT DESIGNER

DEC 2018 - MAR 2021 · REMOTE

- Designed all-in-one Software Delivery Management platform for DevOps
- 55% ARR increase FY2019, surpassed \$100M ARR by 2020

COFENSE (PHISHME)

LEAD PRODUCT DESIGNER

JUL 2017 - DEC 2018 · REMOTE

- Designed PhishMe and Triage cyber defense platforms
- \$400M acquisition, 35M+ users trained, 60+ usability sessions

NATIONAL OCEANIC & ATMOSPHERIC ADMINISTRATION

PROGRAM ANALYST INTERN (VIA UNIVERSITY OF OKLAHOMA)

JAN 2015 - JUN 2015 · NORMAN, OK

- Coordinated briefings on WSR-88D weather radar security performance
- Supported the nation's 160+ Doppler radar network powering severe weather alerts for 330M+ Americans

COMPETENCIES

Design Systems & Tokens
UI Development (React/TS)
Interaction Design
Usability Testing
Rapid Prototyping
Visual Strategy
Product Thinking

TOOLS

Figma · React · TypeScript · Next.js ·
Tailwind · Storybook · Tokens Studio
· Framer Motion · GSAP · Claude Code
· Cursor · GIT
